

Installation and Un-installation Guide (Regain Outlook PST Recovery)

Installation

Here in this guide the appropriate method to install the software has been provided underneath.

Download the software from the given link

<https://www.regainsoftware.com/dl/Regain-OutlookPSTRecovery.exe>

And save it to your system.

Before installing the software you are required to make sure that before fulfilling all the software system requirements, you have carefully examined all the basic criteria for the system requirement in details.

Good if the software installer is available in your system. But if the installer file is not available, then you need to download the file, you can download the file from our website

<https://www.regainsoftware.com/outlook-pst-recovery.html>

The steps for installing the setup file is as follows:-

1. First double-click the **Regain Outlook PST Recovery** Installer file to start the installation process. Following setup wizard will display on the screen, click "**Next**" option in the Wizard to continue.

2. Read the term & condition of the License agreement carefully. And choose the option "I **accept the agreement**" or "I do not agree the agreement" option accordingly after reading the license agreement. And Click on "**Next**" to move on.
3. A wizard dialog box will come on the screen; change the destination location by providing the setup file path, where it will be store. And click "**Next**".
4. Here, set the location of the program shortcuts where it will be store. And click "**Next**".
5. Now, just select the additional tasks icon from the given option - "create a desktop icon" or "create a quick launch icon". Press "**Next**" button and continue with further steps.
6. Click **Install** and wait for the installation process to get complete.
7. At last click **Finish** when program installation is ended.
